BOUGHT PACIFIC WIRELESS And Pald With a Note Which He Now

Seeks to Have Cancelled. Samuel H. Davis has sued for the cancellation of a promissory note for \$900 that he gave for wireless telegraph stock. He names as defendants the Pacific Wirener, Though He Could Have Made less Telegraph Company and John T. Valentine, a California banker.

Davis says in his complaint that the concern was incorporated under the laws of the State of Washington and that between August 1 and October 8 last the defendants induced him to buy stock, telling him that they had wireless plants with no pyrotechnics. Contrary to the already working and that they owned a patent on a contrivance which insured the veteran grain dealer allowed the the privacy of messages and prevented short interests both in Chicago and in interference with them by other wireless systems. They said they had many wireless stations on the Pacific coast, where they were carrying on a successtary on the boards of the pit and brokers' ful commercial business, and that they were also making large profits out of business between Chicago and Milwaukee. the high price of the option. Less than | They also told him that they had just completed stations in New York and Philadelphia which were about to be opened and that they had made yearly contracts with large business firms in the two cities which would yield a large profit.

Davis says that he bought 100 shares at \$8 a share and gave a note for the amount payable on July 8 next, secured by his interest in the estate of Mary E. Davis, then being administered in the Orphans' Court of Philadelphia. He says he has since learned that the stock he bought never had any value, that the he bought never had any value, that the company never got to doing business on a commercial basis and had to close up all its stations because they couldn't be run at a profit.

The undersigned committee, appointed by the dissenting stock and bondholders of Dominion Copper Company, hereby notify you that the time to JOLINE, LARKIN & RATHBONE, Counsel. deposit securities under its plan is extended to June 15th, 1909, to and including which date deposits will be received by the EMPIRE TRUST COMPANY at No.

The only bid for the properties of the company made at the sale held yes terday was \$155,000, bid by the BRITISH COLUMBIA COPPER COMPANY. The court declined to accept the bid and adjourned the sale one week. THE HAYDEN-UNTERMEYER COMMITTEE DID NOT BID. Whatever doubt there may have been as to the relative merits of the two committees and their objects is dispelled by the withdrawal of the Hayden-Untermeyer Committee at the eleventh hour and the attempt to sacrifice the property to the British Columbia Copper Company. We have instructed our counsel to secure a post-ponement of the sale for at least thirty days from June 4th, the present adjourned date thereof, and believe that the court will grant this relief. If the request is denied an appeal will be taken and a stay of all proceedings asked. In any event, therefore, it is important that we have the moral support of every stockholder and bondholder of this company outside of those controlled by the Hayden-Untermeyer faction. You are urged, therefore, to make the earliest possible deposit in order that our counsel in Vancouver may show the court on June 4th how great a proportion of the security holders are determined to prevent the sacrifice of their property. Address all communications to the chairman at 42 Broadway, New York City.
